

TICKETS

Our audience will be separated into pods this year. Each pod will have 4 seats. Whether you will have 2 people or 4, the price remains the same. Families can purchase more than one pod if they plan to have more than 4 people wishing to attend. We will hold 1 pod per family. The remaining pods are available on a first come first serve basis. Please do not share your pod with a family from outside your household. Dancers do not need a ticket. Pods/seats cannot be moved together.

If you have dancers in more than one performance, you do not need to purchase separate pods for each show.
